Dear Friend,

Welcome to the Ave Maria Village web site and to our care community. We hope the information on this site helps you to understand what our organization is all about. Your questions and suggestions are most welcome.

Our ministry focus at Ave Maria is two-fold:

1. To provide care and rehabilitative services to persons who have the potential to return to their own homes or to a lesser care setting.
2. To provide compassionate care in a warm Christian environment to those who must live in a care setting indefinitely.

This dual focus helps us make the best use of our resources and makes Ave Maria Village a strong, vibrant organization.

The Heritage Centre of Jamestown, which is managed by Ave Maria Village, is also part of our ministry. It is located adjacent to Ave Maria, and connected to it by an indoor walkway. The Heritage Centre provides assisted living services to people who are not in need of skilled care, but can benefit from a secure setting with variety of services available to help them maintain their independence. The Heritage Centre is truly a warm, welcoming senior community.

The Heritage Centre and Ave Maria Village work together as one to bring Christ's love and his healing ministry to the 165 individuals we serve. With our values, dedicated staff, and Jesus as our inspiration, we continue to serve those in need of care and services in the greater Jamestown area. Please visit our facility, and witness the Gospel in action!

You may reach me at tim.burchill@smphs.org or by calling (701) 252-5660.
